LATHIFAH SAHDA

Surabaya, East Java (open to relocation to Jabodetabek) | lathifahsahda03@gmail.com
linkedin.com/in/lathifah-sahda | github.com/lathifash03

Informatics graduate (GPA 3.70) who builds applications end to end, from user requirements and database design to web and mobile development and REST API integration. Built a secure approval app (proof of concept) for a company's HR, finance, and QMS processes. Also experienced in LLM and knowledge-graph research. Helped coordinate a 120-member student association. Open to relocation to Jabodetabek.

Education

Institut Teknologi Sepuluh Nopember (ITS) Surabaya, Indonesia
Bachelor of Computer Science, GPA 3.70/4.00 – Asrama Mahasiswa Nusantara Full Scholarship *2022 – Aug. 2026*

- Thesis: hybrid rule-based + constrained-LLM pipeline converting news narratives into procedural text. Compared three LLMs (Llama 3.3 70B, GPT, Claude) on 1,440 evaluations across 16 domains: BERTScore F1 0.645–0.700, overall pass rate 98.5–100%.

Technical Skills

Languages: PHP, JavaScript, Python, Dart, Kotlin, Golang, SQL, HTML/CSS
Front-end & Mobile: Next.js, Flutter, Android SDK, WordPress, Figma
Back-end & Data: Laravel, Flask, REST API, MySQL, Neo4j/Cypher, Streamlit
AI: LLM API integration, RAG, PyTorch, Transformers

Work Experience

IT Intern – Mobile Application Developer Oct. 2025 – Jan. 2026
UBS Gold *Surabaya, Indonesia*

- Built Secure Verification App, a cross-platform (Android/iOS) Flutter proof of concept letting managers approve or reject internal requests (HR leave, finance verification, QMS) remotely.
- Implemented multi-layer authentication: registered-device (IMEI) binding, app password, and face recognition via the company's internal API, with traffic tunneled through a WireGuard VPN.
- Gathered requirements from management, translated them into app flows, and integrated REST APIs for the approval queue, face verification, and document status.

Research Intern – TEEP Program Jun. 2026 – Aug. 2026
Center for IoT Innovation, National Taiwan University of Science and Technology (NTUST) *Taipei, Taiwan*

- Built a Python back-end service that verifies AI answers against a Neo4j database (355 nodes, 805 relations) and retries on failure, integrated with the team's retrieval module through MCP and LangGraph.
- Designed a 20-question benchmark: 95% accuracy (19/20) after manual adjudication, 85% with automated scoring alone.

Web Developer Intern Mar. 2025 – Jun. 2025
Directorate of Business Cooperation and Management (DKPU), ITS *Surabaya, Indonesia*

- Restructured the DKPU ITS website (WordPress, HTML/CSS): reorganized navigation and content and added bilingual (ID/EN) support.

Research Assistant & Laboratory Administrator Jun. 2024 – Jun. 2026
Information Intelligent Management (MCI) Laboratory, ITS *Surabaya, Indonesia*

- Co-led Kinderfin, a web-based financial management system for a kindergarten (community service): gathered requirements by survey and interview, then presented the product to the school.
- Managed lab administration; research assistant on LLM prompting and topic modeling.

Teaching Assistant 2023 – 2026
Informatics Engineering Department, ITS *Surabaya, Indonesia*

- Assisted six courses, including Database Systems; guided 300+ students in lab sessions and reviewed their work.

Projects & Achievements

- **Major.in** – web app recommending study majors: XGBoost model served by a Flask REST API, Next.js front-end.
- **Library Management System** – back-end services in Golang and Laravel over a MySQL database.
- **Ruang Topik**, 2026 (team of 3) – scraped 20,334 articles from six news portals, compared LDA, NMF, and BERTopic (best coherence: NMF, C_v 0.825), and deployed a Streamlit dashboard for non-technical readers.
- **PKM-K National Funding Recipient**, 2024 – WeapMath, a multiplayer educational math game, registered as copyright (HKI).

Leadership & Organizational Experience

General Secretary of External Affairs Feb. 2025 – Feb. 2026
HMTC ITS (Informatics Student Association) – Suar Peradaban cabinet *Surabaya, Indonesia*

- Helped coordinate a 120-member student association to deliver 20+ work programs in one term.
- Managed partnerships with companies, universities, and government agencies. Previously General Secretary of Administration II (2024).

Head of Public Relations Division (committee member since 2023) 2024
Schematics ITS (national IT event by HMTC) *Surabaya, Indonesia*

- Led the PR team's multi-channel promotion and built collaboration with 20+ media partners, helping the event reach 2,000+ participants.

Reporter & Editor Nov. 2022 – Jun. 2026
ITS News & Magazine (ITS Online), Public Communication Unit (UKP ITS) *Surabaya, Indonesia*

- Promoted from reporter to editor. Wrote and edited 150+ articles and magazine pieces on technical topics for a general audience (published portfolio on Linktree).

Other Roles & Public Speaking

- **Master of Ceremony**, IDSECCONF 2024 (Indonesia's annual IT security conference).
- **Tim Kawal Gemastik ITS**, 2025 – supported ITS teams in the national ICT competition (Gemastik).

Training & Certifications

- **TOEFL ITP**, score 520 (Listening 55, Structure 48, Reading 53), Colorado Course Bengkulu, Aug. 20, 2026
- LKMM Tingkat Menengah (Intermediate Student Management & Leadership Training), ITS, 2024
- LKMM Tingkat Dasar (Basic Student Leadership Training), Informatics ITS
- Character Building Training (ESQ), 2023
